Tom Harris: Second.

Carried unanimously.

**Old Business**

None.

**New Business**

None.

**Coordinator's Report**

Mike Kennon reported that he had applied for a grant to get the Communications Center hooked up to the ISICS Statewide Radio System. Cass County is still in negotiations with Motorola to provide local enhancements for optimum access to the ISICS System. Kennon also pointed out that he has submitted paperwork to allow Cass County onto the ISICS System despite progress or lack of progress in other areas. When ISICS allows Cass County on the system, local 700MHz radios will be able to access the Statewide System.

Kennon said that he has recently submitted all of the necessary paperwork to qualify for EMPG Emergency Management Performance Grant Funding FYE2018.

Kennon has been working with local schools to produce Comprehensive Emergency Plans with an emphasis on Active Shooter. Kennon was also contacted by IWCC in Atlantic. They are interested in performing an Active Shooter Drill in November. Planning for that event will take place soon.

Darby McLaren: Motion to adjourn.

Virginia Coughlin: Second.

Carried unanimously.

Respectfully Submitted
